Education

Columbus College of Art & Design /
BFA Industrial Design
JANUARY 2020 - PRESENT, COLUMBUS OHIO
Expected Graduate May 2024

Otterbein University / General Degree
AUGUST 2019 - DECEMBER 2019,
WESTERVILLE OHIO

Experience

Connor Thune Design LLC / Company Owner
MARCH 2023 - PRESENT, COLUMBUS OHIO

I provide comprehensive support for industrial design projects, specializing in concept development and visualization to bring client ideas to life. With a background in industrial design, I offer expertise in creating innovative concepts and effectively communicating design solutions visually.

Columbus College of Art & Design / FabLab Technician
JANUARY 2023 - MAY 2023, COLUMBUS OHIO
FEBRUARY 2021 - MAY 2021

Troubleshoot mechanical issues, schedule appointments with clients, and manage usage schedules for prototyping machines. I deliver demos and training sessions to clients and students, assist in setting up document files, and perform daily maintenance on mechanical equipment.

Radley College / Cook Fellow - Designer in Residence
SEPTEMBER 2021 - JULY 2022, ABINGDON ENGLAND

My primary focus was on fostering student growth and providing education in design skills. I educated students in grades 8-12, teaching them the design process, CAD skills, drawing, model making, portfolio development, and presentations. Alongside my teaching responsibilities, I managed 3D printers and coached lacrosse and soccer teams.

Auntie Anne's LLC / Supervisor
MAY 2020 - AUGUST 2021, COLUMBUS OHIO
JUNE 2023 - PRESENT

Directed store closeout procedures, which involved calculating daily register overviews and balancing the safe. I completed system balance reports, analyzed workstation outline reports, and facilitated daily revenue deposits. Furthermore, I provided customer assistance, prepared pretzels, hand-washed dishes and cooking utensils, and ensured the overall cleanliness of the facility.

Pilot Freight Services / Forklift Operator
JUNE 2019 - MARCH 2020, COLUMBUS OHIO

Specialized in unloading semi trucks and efficiently organizing orders in their designated locations within the warehouse. I operated the forklift to transport materials and ensure timely and accurate order fulfillment. Additionally, I prioritized collaboration with the warehouse team to optimize overall operations.
